HB2035 - ASRS; termination incentive programs

Sponsor

Rep. David Livingston (R)

Summary

Adds the definition of "unfunded liability" for the purposes of assessing the cost from a termination incentive program to mean the increase in accrued liability attributable to the portion of the benefit that is based on the member's average monthly compensation at the time of retirement in excess of the thirty percent threshold as calculated using the lump sum actuarial factors in effect at the time of the calculation, as provided by the ASRS actuary, or the difference between the accrued liability using the ASRS valuation assumptions calculated for the member assuming the member retires under the termination incentive program and the accrued liability using the ASRS valuation assumptions, which if necessary may be modified by the ASRS actuary, calculated for the member assuming the member is still an active member.

HB2064 - Health care; interoperability grants; appropriation

Sponsor

Rep. Matt Gress (R)

Summary

Appropriates \$6 million from the Arizona State General Fund to the Arizona Department of Administration (ADA) to develop a health care Interoperability Grant Program and directs the ADA to create and administer a competitive grant program that provides a single company that licenses an interoperability software technology solution to support acute care for rural hospitals, health care providers, and trauma centers with resources to further treatment and care coordination with a focus on reducing public and private health care and transportation costs by December 1, 2025. Prohibits grant recipients from using a third-party vendor to implement the software solution. Requires the Arizona Health Cost Containment System (AHCCS) to coordinate with the ADA to identify federal matching monies opportunities to further the goals of the AHCCS and ADA in regards to health care costs cutting and containment. Defines the characteristics and compliance requirements software vendor and the software system that must be made available to appropriate health care facilities and organizations. Defines annual reporting requirements through 2028 and stipulates that monies appropriated for this purpose do not affect monies appropriated in other years for similar programs. Exempt the program from lapsing appropriations provisions except that any unencumbered and unspent monies remaining on June 30, 2028 revert to the Arizona State General Fund.

HB2133 - Nurses; provisional licensure

Sponsor

Rep. Selina Bliss (R)

Summary

Requires the Arizona State Board of Nursing (Board) to issue a provisional license or certificate to an advanced practice registered nurse or a registered nurse within five business days after the receipt of an application and the required fees for an out-of-state nurse who is seeking licensure or certification, if the individual in question meets all listed criteria. Requires the Board to acknowledge in writing or via oral communication to an applicant of receipt of the application. Stipulates that a person who receives a provisional license or certificate subject to the laws of Arizona and the Board's jurisdiction, that the granted license or certification is valid only in Arizona, and that either become permanent six months after the provisional status is issued and is valid until Arizona law requires renewal. Permits the Board to terminate a provisional license or certificate upon discovery of noncompliance with Arizona law or if, after receiving a completed application, the Board determines there is a reasonable basis to require restrictions on, or the termination of, the license or certificate. Requires the Board, before terminating a license or certificate to offer the holder of either a continued provisional status contingent on acceptance of remedial actions, or to accept the termination of either, which is prohibited from being classified as a revocation or denial for required reporting purposes, or if the applicant subsequently applies for a permanent license or certificate. Waives fees for veterans or spouses of active duty members of United States Armed Forces.

HB2138 - AHCCCS; naturopathic physicians

Sponsor

Rep. Selina Bliss (R)

Summary

For the purpose of the Arizona Health Care Cost Containment System (AHCCCS), to meet the definition of “primary care practitioner”, nurse practitioners and certified nurse midwives must be licensed per state law. The effective date is contingent on the federal Centers for Medicare and Medicaid Services approving naturopathic physicians as service providers by October 2, 2028, at which point the effective date becomes October 1 of the following year. Requires AHCCCS to notify the Arizona Legislative Council in writing before November 2, 2028 the date that the Centers for Medicare and Medicaid Services approved the Act, or if there was no response or if the request was denied.

HB2148 - Foreign medical graduates; nurses; licensure

Sponsor

Rep. Walter "Walt" Blackman (R)

Summary

Establishes the Arizona Licensure Program for Foreign Medical Graduates and Nurses And permits qualifying medical graduates or nurses to apply for provisional licenses or certification upon presenting documentation that they have completed listed criteria. Requires each applicant to commit a criminal background check and for the Arizona Medical Board (AMB) or Arizona State Board of Nursing (ASBN) to verify the applicant’s credentials through a recognized credential evaluation service. Defines the roles and responsibilities of a foreign medical graduate or nurse while working under a provisional license and the criteria their supervisor must meet. Permits the AMB or ASBN to tailor training and mentoring programs specific to facility needs. Requires each to develop a formal assessment and feedback process for supervising medical graduates and nurses in order to submit quarterly performance evaluations of those holding provisional licenses. Requires each foreign medical graduate or nurse to successfully pass their respective licensure examinations and meet any additional requirements set forth by the AMB or ASBN, to be eligible for full licensure. Permits a provisional licensee to apply for full licensure to practice independently in Arizona and list the criteria

and standards needed to be met for both. Defines the duties and responsibilities for the AMB and ASBN to develop and support this program and outlines reporting and evaluation requirements for both. Entitles the Act as the “Arizona Licensure Program for Foreign Medical Graduates and Nurses Act.”

Actions

01/13/2025 H - Introduced

HB2173 - Mental health inquiry; prohibition

Sponsor

Rep. Julie Willoughby (R)

Summary

Prohibits a “health professional regulatory board” or “licensing authority” (defined) from including any question on an application for a license, permit, certificate, or endorsement that requests information about whether an applicant has sought mental health assistance or received a mental health diagnosis or treatment. Permits a health profession regulatory board or licensing authority to ask if an applicant is currently under if regulatory entity’s order In another state for the monitoring of a health condition, including substance abuse. Stipulates that an applicant is not required to respond if the monitoring is part of a confidential program.

HB2176 - Health facilities; complaints; investigations; training

Sponsor

Rep. Julie Willoughby (R)

Summary

Permits the Arizona Department of Health Services (ADHS) To adopt rules outlining the evaluation process of a health care institution's license if that institution is undergoing or initiating a change of ownership. Requires ADHS to accept proof that a healthcare institution is an accredited hospital or is an accredited health care institution In lieu of all compliance inspections required by state law. Requires ADHS to notify a licensee of the nature of a complaint while ensuring the security of private health information upon entering a health care institution for a complaint investigation. Defines the information that ADHS must provide healthcare institutions pertaining to complaints and complaint priority, and requires ADHS to disclose the level priority of a complaint before conducting a complaint investigation. Outlines the process a healthcare institution can take to dispute a statement of deficiencies and the review process that ADHS must take in addressing the objection. Requires ADHS to develop a training program for all licensing surveyors and the supervisors and managers of licensing surveyors to ensure compliance with this legislation, and defines what must be included in the training program.

HB2243 - Terminally ill individuals; end-of-life decisions

Sponsor

Rep. Chris Mathis (D)

Summary

Allows an adult resident of Arizona whom the attending physician and consulting physician have determined is suffering from a terminal illness and who has voluntarily expressed a wish to die to make a written request for a prescription for medication to end the patient's life. Establishes a process for the request, including a requirement for it to be signed and witnessed by at least two people who meet specified requirements. Establishes required procedures for the attending physician and a consulting physician. Requires a 15-day waiting period and provides for effect on construction of wills and contracts. Specifies immunities and civil penalties for violations. Contains a severability clause.

Actions

01/15/2025 H - Introduced

HB2291 - Opioids; containers; labeling; requirements; repeal

Sponsor

Rep. Walter "Walt" Blackman (R)

Summary

The container of a schedule II controlled substance that is an opioid that is directly dispensed by a pharmacist and that is not for the immediate administration to the ultimate user is allowed, instead of required, to have a red cap.

HB2310 - Advanced practice registered nurses; compact

Sponsor

Rep. Selina Bliss (R)

Summary

Establishes the Interstate Commission of "Advanced Practice Registered Nurses" (defined) (APRN) Compact (Compact), a joint public agency for greater coordination and cooperation among states in the areas of APRN licensure and regulation. Lists the general purposes of the Compact, requirements for member states regarding multi-state licensing, and authorities of a party state licensing board. Defines member state requirements, licensing reciprocity, adjudication of complaints and licensing issues and reporting requirements. Establishes and defines Interstate Commission of APRN Compact Administrators (Commission), and specifies rules for membership, voting, meetings, bylaws, and financial records, powers of the Commission, licensing procedures, adjudication of complaints and licensing issues, immunity and indemnification, rulemaking powers dispute resolution and requirements for the Compact to become effective. Establishes the Interstate Practice of Regulated Social Workers compact and the criteria to join, including legislative thresholds. Establishes an associated Executive Committee and regulatory body, meeting requirements for that body, authorities, responsibilities, duties, member participation expectations, roles and scope of work, payment, participation terms, prohibitions, rules making authorities and emergency action permissions. Defines criteria for states to enter, licensing, immunity and reciprocity, participation, licensing and education requirements for member social workers, prohibitions and restrictions on participation, investigations and legal requirements and permissions, mutual disciplinary procedures and permissions. Establishes records keeping and documentation requirements, sharing of data procedures, fees, indemnity and immunity extensions, and member rights related to the Compact and Commission. Defines termination requirements for each member-state, severability, home-state legal rights and procedures for exiting the pact. (More.)

HB2351 - Health professionals; website; time limitation

Sponsor

Rep. Patricia Contreras (D)

Summary

Increases the amount of time a Health Profession Regulatory Board disciplinary actions against a licensee or certificate holder shall be available on the board's website to 25 years. Removes the prohibition of concern and advisory letters on the website and the option of the public gaining access to those letters by personal request. Removes "non disciplinary actions and orders" from the mandatory statement on a Health Professions Regulatory Board stating that a person may obtain public records by contacting the board directly.

HB2405 - Topical medications

Sponsor

Rep. Ralph Heap (R)

Summary

Permits a patient to be offered any unused portion of a “facility provided medication” (defined) if that medication was administered to a patient at a hospital or outpatient surgical center and was ordered at least 24 hours before a surgical procedure, and if the facility provided medication is required for continuing treatment. Stipulates that if the facility provided medication is used in an operating room or emergency department setting, the prescriber is responsible for counseling the patient on the proper use and administration of the medication, and that any pharmacist counseling requirement is waived. Requires facility provided medication to be in conformance with the labeling requirements, pursuant to state law. Entitles this legislation the “Topical Medical Waste Reduction Act.”

HB2489 - Public health emergencies; essential medicines

Sponsor

Rep. Alma Hernandez (D)

Summary

Requires the Arizona Department of Health Services (ADHS), in coordination with the Arizona Department of Emergency and Military Affairs (AEMA) and Department of Education (ADE), medical and health care operational area coordinators, regional disaster and health care coordinators, and other state agencies to develop a statewide strategic “essential buffer stock” (defined) for emergency preparedness and drug shortages prevention that is to be used and dispense in the event of a public health emergency, including a “natural disaster” (defined), man-made disaster, or mass casualty event at the local and state level. Requires the ADHS, in coordination with the AEMA to establish guidelines for procuring, managing and distributing medicines, vaccines and medical supply items in an essential buffer stock, including a “virtually sequestered buffer stock” (defined). Permits the ADHS to contract with private entities for the procurement of strategic emergency readiness supplies, and to contact for the reservation and supply storage by a private vendor managed entity for all applicable

bumper stocks and distribution of those supplies to location specified by ADHS. Authorizes ADHS, in coordination with other applicable state agencies, to conduct demand planning and essential buffer stock modeling for emergency readiness, and includes the information that should be included in any essential buffer back modeling. Outlines the information that should be included in any guidelines, as a minimum benchmark. Orders the ADHS to maximize available federal and state funding for the Statewide Strategic Essential Buffer Stock. (More.)

HB2582 - Failure to maintain medical records

Sponsor

Rep. Selina Bliss (R)

Summary

Designates as a failure to maintain adequate records, if, when submitting a claim or receiving payment pursuant to state law a person knowingly fails to maintain those records that are necessary to fully disclose the nature of the goods or services for which a claim was submitted or payment was received, records that are necessary to fully disclose all income and expenditures on which rates of payment were based for at least five years, or knowingly fails to report the destruction of those records that are necessary. Designated violating any of the above as a Class 2 Misdemeanor.

HB2628 - Pharmacists; emergency medication; administration

Sponsor

Rep. Jeff Weninger (R)

Summary

Permits a pharmacist who is authorized to order and administer any medication, pursuant to this legislation, to also order and administer "emergency medication" (defined) to manage an acute allergic reaction to the medication that was administered at the pharmacy. Lists specific steps the pharmacist must take when they administer emergency medication, and immediately after they administer the medication. Stipulates that administering emergency medication does not establish a cause of action against a patient's primary care provider or physician for any adverse reaction, complication, or negative outcome arising from the administration of any emergency medication by a

pharmacist to the patient if the emergency medication is administered without a prescription written by the patient's primary care provider or physician.

HB2681 - Abortion-inducing drugs; requirements

Sponsor

Rep. Rachel Keshel (R)

Summary

Requires a qualified physician who provides an abortion inducing drug to follow specific steps and lists those steps. Requires that the qualified physician who provides an abortion inducing drug be credentialed and competent to handle complication management, including emergency transfers, or have a signed agreement with an associated physician who is credentialed to handle complications. Requires the qualified physician to be able to produce the signed agreement, on demand, by the patient, or the Arizona Department of Health Services. Outlines information and appointments the qualified physician must provide the patient. List the requirements necessary for a patient to have a claim against anyone who intentionally or recklessly violates this legislation. Requires a civil action that is filed pursuant to this legislation be brought in the Superior Court in the county in which the woman on whom the abortion was performed resides and outlines potential relief for the person filing the claim. Defines the process a court that is hearing a claim must follow and the rulings it must make. Requires any person who brings an action under this legislation to do so using a pseudonym, unless the person obtains the written consent of the woman on whom an abortion was induced or attempted to be induced. Stipulates that this legislation does not allow the identity of a plaintiff, or a witness, to be concealed from the defendant. Contains a severability clause. States that this legislation does not create or recognize a right to abortion, or make an abortion legal.

SB1037 - Health boards; fund balances; fees

Sponsor

Sen. John Kavanagh (R)

Summary

Requires each Health Profession Regulatory Board (Board) to review proposed and existing fees and fee increases, and the Health Profession Regulatory Board's Fund (Fund) balance, annually, in a public meeting. Prohibits the Fund's balance from exceeding two years' of the Board's operating expenses, plus 5% and if the Fund's balance exceeds that amount the Board must reduce or eliminate licensing and/or applications fees to bring the fund balance into compliance. Permits the fund to maintain additional monies in the amount of the Board's last operational funding request if the legislature did not approve the Board's funding request in that fiscal year's state budget.

SB1108 - International medical licensees; provisional licensure

Sponsor

Sen. Janae Shamp (R)

Summary

Permits the Arizona Medical Board (Board) to grant a provisional license to engage in the practice of medicine in Arizona to any "international medical licensee" (defined) provided they meet certain, listed criteria, and to set, by rule, licensing and annual renewal fees for a "provisional licensee" (defined). Defines duties that each provisional licensee must complete, and the duties and responsibilities of a provisional licensee's employer in the event the provisional license is terminated, or leaves employment, for any reason. Outlines actions the Board must take if a provisional licensee leaves an employer and does not notify the Board of acquiring new employment. Defines the actions a provisional licensee must take if they accept new employment, and actions the new employer must take before the provisional licensee commences employment. Permits an employer of a provisional licensee to require that individual to take a competency test at any point in their employment. Permits the Board to discipline a medical licensee or revoke a provisional license pursuant to state law, provides an appeal process for the medical licensee, outline circumstances where the Board is not required to approve a provisional license and lists documents and proof the Board is permitted to request the applicant provide before granting a provisional license. Exempts the Board and the Arizona Board of Osteopathic Examiners in Medicine and Surgery from rulemaking requirements for one year. Effective date is January 1, 2026.

SB1125 - Psychologists; prescribing authority

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

Outlines the investigative responsibilities of the Board of Psychologist Examiners (Board.) Permits a physician to enter into a "collaborative prescription agreement" (defined) with a "prescribing psychologist" (defined) for a total of four collaborative prescription agreements, subject to the development of rules by the Board. Defines the process of a psychologist to apply for a prescribing license, including the eligibility criteria needed to be met to attain the license and the duties and responsibilities of the Board in the process. Outlines the guidelines for a collaborative prescription agreement, including how to set one up, rules that govern the agreement and termination processes. Defines the requirements that a prescription written by a prescribing psychologist must meet, including restrictions and prohibitions, required data capture and reporting. Outlines continuing education requirements. Defines the Board's oversight capacity pertaining to processing, investigating, drawing conclusions about, making recommendations and meting discipline because of, complaints. Provides exemptions from rules making as defined by state law.

SB1200 - Mandated health coverage; JLBC; analysis

Sponsor

Sen. Venden "Vince" Leach (R)

Summary

Requires an organization or individual advocating a legislative approach that would place a restriction on the form or amount of cost sharing applied to a health plan benefit issued by an insurer, hospital, or medical, dental, or optometric service corporation, health services organization or any other health care contractor, to submit a report that assesses the social and financial impacts of the coverage or cost sharing restrictions proposed. Outlines the information that is to be included in the report. Stipulates that if the report is not completed for a legislative proposal that would mandate health coverage or that would place a restriction on the form or amount of cost sharing applied to a health plan benefit, the Joint Legislative Budget Committee shall analyze how the proposal would financially impact the state employee group health and accident coverage pursuant to state law. Lists the factors that the Joint Legislative Budget Committee must consider when performing their analysis. Prohibits a legislative proposal from being scheduled for rules hearing in the House of origin if the Joint Legislative Budget Committee's analysis is not complete. Requires the Arizona Department of Administration and its vendors that support the state health plan to cooperate with the Joint Legislative Budget Committee for the purpose of preparing the analysis. SB1214 - Pharmacists; independent testing; treatment

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

Permits, following an authorized protocol, under certain conditions, a pharmacist to independently order, perform, and interpret tests that are authorized by the United States Food and Drug Administration (USFDA) and waived under the Clinical Laboratory Improvement Amendments of 1988. Permits a pharmacist to initiate treatment to eligible people, who meet related age criteria, and to have test results that indicate the need for treatment. List certain illnesses, conditions, or diseases that a pharmacist may treat. Defines issues that must be addressed in any statewide written protocol by the Arizona Department of Health Services (ADHS) and in coordination with the Arizona Medical Board, and Arizona State Board of Pharmacy. Requires that tests that are used be waived under the

aforementioned methods or be part of an approved ADHS screening protocol. Requires a pharmacist to use the evidence based clinical guidelines published by the United States Centers for Disease Control and Prevention, or the Infectious Diseases Society of America, or another clinically recognized patient treatment group. Lists the criteria by which a person may be treated, circumstances where a pharmacist is required to refer a patient to the patient's identified primary care provider, standard operating procedures for initiating and following through with treatment and required documentation that must be included in a patient's medical record. Stipulates that this legislation does not establish a cause of action against a patient's primary care provider for any adverse reaction, complication, or negative outcome arising from treatment. Lists prohibitions a pharmacist must observe.

SB1257 - Impaired persons; court-ordered stabilization

Sponsor

Sen. Venden "Vince" Leach (R)

Summary

Permits an "admitting officer" (defined), after examining or evaluating a proposed patient, if they determine that the patient is an "impaired person" (defined), as defined by state law, to file a petition for a court ordered stabilization, pursuant to state law. Stipulates that an impaired person who is involuntarily admitted for a stabilization period possesses all the civil and legal rights enumerated in the Arizona State Constitution. Requires that a petition for a court ordered stabilization define the time limits of the stabilization. Prohibits filing a petition for a court ordered stabilization solely as a method of detainment. Outlines the process the court must go through to either approve or deny a request for a court ordered stabilization. Requires that Arizona Department of Health Services (ADHS)

employees offer treatment to the impaired person daily. Requires that an impaired person's family members or guardian, if applicable, be allowed to participate in their care and treatment, when appropriate. Outlines the rules in which an impaired person undergoing stabilization treatment may be administered seclusion, mechanical, or pharmacological restraints. Limits a court ordered stabilization period to five calendar days after the date the impaired person was involuntarily admitted. Requires the County Attorney to represent any physician or admissions officer when they file a petition for a court ordered stabilization. Prohibits the impaired person from being charged for services provided under this legislation and stipulates that proceedings and services provided under this legislation be charged to the AHDS, or a third party payor.

SB1268 - Hospitals; patient immigration status; reporting

Sponsor

Sen. Wendy Rogers (R)

Summary

Requires hospitals that accept payment in compliance with the Arizona Health Care Cost Containment System (AHCCCS) to include on admission or registration forms, a space for the patient to indicate their status regarding USA citizenship or presence in the USA. The statement must indicate that citizenship status does not affect patient care or result in a report to US immigration authorities. Requires each hospital to submit a quarterly report to the AHCCCS within 30 days after the end of each calendar quarter and defines the criteria that must be included in the report. Requires the AHCCCS to compile that data and submit by March 1 of each year a summary report of patient breakdowns. Lists specific data that must be included in the report and defines who should receive the report. Permits the AHCCCS to adopt rules relating to the format of, and the information to be contained in, the quarterly reports. Prohibits the rules from requiring disclosure of patient names, or any other personal identifying information to the AHCCCS.

SB1291 - Health insurers; provider; payment; claims

Sponsor

Sen. Hildy Angius (R)

Summary

Modifies the requirement that a health insurer conclude the process of credentialing and loading an applicant's information into the health insurer's billing system, from 100 days to 45. Sets a deadline for the insurer to provide electronic or written confirmation of receiving a credentialing application and defines what information might be required.
