HB2041 - Mental health; voluntary evaluations; payment

Sponsor

Rep. Selina Bliss (R)

Summary

During the process for court-ordered mental health evaluations, if a person who requested a voluntary mental health evaluation does not appear or does not complete the appointments scheduled, the provider who was to conduct the evaluation is required to immediately notify the evaluation agency provided for by the county, and the evaluation agency is required to provide pre-petition screening of the application for court-ordered mental health evaluation. When a person is given a voluntary mental health evaluation, the person is required to pay all or a portion of the established charges as the person can afford. If the person is indigent, charges cannot be made against the person. AS SIGNED BY GOVERNOR

HB2043 - Physician assistants; supervision; collaboration

Sponsor

Rep. Selina Bliss (R)

Summary

Licensed physician assistants (PAs) who have at least 8,000 hours of clinical practice certified by the Arizona Regulatory Board of Physician Assistants are no longer required to be supervised by a licensed physician, and instead are required to collaborate with or refer to the appropriate health care professional as determined by the policies of the practice setting at which the PA is employed. PAs are authorized to provide any legal medical service for which the physician assistant has been prepared by education, training and experience and that the physician assistant is competent to perform. PAs who have less than 8,000 hours of clinical practice certified by the Board are required to work in accordance with a supervision agreement that describes the PA's scope of practice. A PA who does not practice under a supervision agreement is legally responsible for the health care services performed by the PA. A PA is allowed to bill and receive direct payment for the professional services provided by the PA. Effective January 1, 2024. AS SIGNED BY GOVERNOR

HB2194 - Drug overdose fatality review teams

Sponsor

Rep. Quang H. Nguyen (R)

Summary

Establishes a 20-member Drug Overdose Fatality Review Team in the Department of Health Services and requires the Review Team to develop a drug overdose fatalities data collection system, develop protocols for drug overdose investigations, and determine statutory and regulatory changes needed to decrease the incidence of preventable drug overdose fatalities. Establishes processes for the Review Team to access information and regulates the confidentiality of information and records acquired by the Review Team. Review Team meetings are closed to the public and are not subject to open meeting law if the Review Team is reviewing information on a person who overdosed on drugs. Violations of the confidentiality requirements are a class 2 (mid-level) misdemeanor. Self-repeals January 1, 2029. Emergency clause. AS SIGNED BY GOVERNOR

HB2339 - Prisoners; medical records; family access

Sponsor

Rep. Amish Shah (D)

Summary

A prisoner is allowed to authorize the Arizona Department of Corrections (ADC) to release the prisoner's "medical record" (defined) to a member of the prisoner's immediate family or to a designated individual. ADC is required to release the prisoner's medical record to the designated person within 15 calendar days after receiving the authorization. AS SIGNED BY GOVERNOR

HB2346 - Outpatient treatment centers; exemption

Sponsor

Rep. Amish Shah (D)

Summary

Statutes regulating health care institutions do not apply to outpatient treatment centers that have the same "direct owner" or "indirect owner" (both defined) as a licensed hospital, that is staffed by

licensed health care providers, and that provides notice to the Arizona Department of Health Services (ADHS) of its decision to be exempt from licensure. Each licensed hospital is required to provide to and maintain with ADHS a current list of exempt outpatient treatment centers that have the same direct owner or indirect owner as the hospital. An outpatient treatment center that was licensed on September 23, 2022 and that does not provide notice to ADHS of intent to be exempt from licensure will remain licensed if the center pays the lapsed licensing fees within 60 days after the effective date of this legislation. HB2469 - Sovereign authority; border; health crisis (Fentanyl; border; public health crisis)

Sponsor

Rep. Steve Montenegro (R)

Summary

The state of Arizona would have declared that the trafficking of fentanyl across our border was a public health crisis. The Arizona Department of Health Services would have been required to do

everything within its authority to address this crisis. The Legislature would have declared that it was the public policy of this state to protect this state from "drug cartels" (defined) that threaten the public safety, health, or general welfare of the people. Arizona laws would have been required to be interpreted and construed to protect the state's sovereign authority against any "unlawful invasion" (defined) at Arizona's border with Mexico. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this bill does not address any of a list of issues with opioids, nor does it acknowledge the chronic underfunding of our health department and other government services.

HB2474 - School immunizations; exclusions

Sponsor

Rep. Steve Montenegro (R)

Summary

Would have declared that an immunization for which a U.S. Food and Drug Administration emergency use authorization has been issued is not required for school attendance. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that vaccines are vitally important for the health and wellness of our state.

HB2516 - Child abuse; investigations; forensic interview

Sponsor

Rep. Barbara Parker (R)

Summary

A person who takes a child into custody because of an exigent circumstance is required to immediately have the child forensically interviewed by a person who is trained in forensic interviewing, and is allowed, instead of required, to have the child examined by a licensed physician or health care provider. HB2530 - Substance exposure; pregnant women; neglect

Sponsor

Rep. Rachel Jones (R)

Summary

On a finding of a pregnant woman using alcohol or a dangerous drug or narcotic drug, through clinical indicators in the prenatal period, a licensed or certified health care professional would have been required, with the woman's consent, to refer the woman to substance use services and support to facilitate maternal and infant safety, in addition to reporting to the Department of Child Safety (DCS) as required by statute. If DCS received a communication involving substance use by a pregnant woman, DCS would have been required to provide the caller with the contact information for the Arizona Health Care Cost Containment System (AHCCCS) and transfer the call, if possible. AHCCCS would have been required to refer the woman to a provider for substance use treatment. The receipt of a communication involving substance use by a pregnant woman would have been prohibited from resulting in a DCS investigation of abuse or neglect. In determining if a child is neglected, proof that the mother participated in substance use treatment certified by a health care professional would have been allowed to be considered a mitigating factor. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that she shares the goal of expanding access to voluntary substance use treatment services for pregnant people, but that this legislation lacks elements to make these services available, affordable, and accessible.

HB2564 - Hospitals; physicians; dispensing opioids

Sponsor

Rep. Amish Shah (D)

Summary

A hospital or a "health professional" (defined) who is working in a hospital that is not within 50 miles of a 24-hour pharmacy, when discharging a patient with an acute illness or injury after regular pharmacy business hours, is allowed to dispense a 12-hour supply of a schedule II controlled substance that is an opioid to the patient. HB2589 - Emergency medical technicians; military reciprocity

Sponsor

Rep. Kevin Payne (R)

Summary

The standards for certification of emergency medical care technicians (EMTs) are modified to allow certification of a person who has completed training and testing by the U.S. Armed Forces at a level comparable to the National Standards for EMTs. AS SIGNED BY GOVERNOR

HB2624 - AHCCCS; redeterminations; appropriation (AHCCCS; redeterminations)

Sponsor

Rep. Leo Biasiucci (R)

Summary

On or before December 31, 2023, the Arizona Health Care Cost Containment (AHCCCS) Administration is required to issue decisions on redeterminations for all members who have not been redetermined for eligibility since December 1, 2022 and who were identified as factually ineligible through the AHCCCS Administration's auto-renewal process. The AHCCCS Administration is prohibited from establishing procedural requirements to complete redeterminations or removals beyond the minimum procedures required to establish a good faith effort or any other minimum requirements under federal law. The AHCCCS Administration is prohibited from following any federal guidance that is contrary to the requirements of this legislation, following any other timelines or deadlines, or limiting the initiation or completion of redeterminations or removals, unless required to do so under federal law. Self-repeals January 1, 2025. Also requires the AHCCCS Administration to submit a monthly report to the Governor and the Legislature from May 15, 2023 through May 15, 2024 containing specified information on AHCCCS renewals. Makes a supplemental appropriation of \$29.24 million from the Children's Health Insurance Program Fund and \$1.65 billion from expenditure authority in FY2022-23 to the AHCCCS Administration for adjustments in formula requirements. Emergency clause. AS SIGNED BY GOVERNOR

SB1068 - Police dogs; emergency treatment (Election board workers; political party)

Sponsor

Sen. John Kavanagh (R)

Summary

Each ambulance service must require its emergency medical care technicians to transport a “police dog” (defined) that is injured in the line of duty along with a police officer who is trained in dog handling or other police personnel who are medically trained, by ground ambulance or another emergency medical services vehicle to a veterinary clinic or hospital, if a person is not requiring emergency medical treatment or transport at that time and other specified conditions apply. Ambulance services are authorized to develop written policies and procedures related to providing these services. AS SIGNED BY GOVERNOR

SB1157 - Hospitals; discharge planning; patient assessments

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

An assisted living center or assisted living home that contacts an emergency responder on behalf of a resident is required to provide to the emergency responder a written document that includes a list of specified information about the resident, including medication and point-of-contact information. If the emergency responder transports the resident to a hospital, the emergency responder is required to provide a copy of the document to the receiving hospital. For patients being transferred by a hospital to an assisted living center or assisted living home, a discharging hospital is required to provide written discharge plans that include a list of specified information, including an assessment of the patient's medical or health conditions. The discharging hospital is required to provide an opportunity for a patient screening before discharge by the assisted living center or assisted living home from which the patient entered the hospital or to which the patient is being referred, in order to determine whether the patient's postdischarge care needs are within the facility's scope of services. An assisted living center or assisted living home from which the patient entered the hospital is required to readmit the patient after hospital discharge if the center or home can meet the care needs for the patient. Effective January 1, 2024. AS SIGNED BY GOVERNOR

SB1176 - Health professionals; address; confidentiality

Sponsor

Sen. Anthony Kern (R)

Summary

A "health professional" (defined) is added to the list of persons who may request that the general public be prohibited from accessing public records containing that person's identifying information that are maintained by the county or the Arizona Department of Transportation. It is a class 5 (second lowest) felony to knowingly make available on the internet the personal information of a health professional. AS SIGNED BY GOVERNOR

SB1221 - Hospitals; fingerprints; private investigators; identification (Health information organizations)

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

A licensed hospital is authorized to request assistance from a criminal justice agency to determine the identity of an unidentified patient who is either incapacitated or deceased through fingerprints or biometric identification techniques. A registered private investigator is authorized to obtain the biometric information from the unidentified patient and provide it to the criminal justice agency without the patient's consent. SB1226 - Dental board; business entities; records

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

A business entity providing dental services is required to include on the registration application the name of the business entity's custodian of records. The business entity is required to notify the State Board of Dental Examiners in writing within 30 days after any change in the name of the business entity's custodian of records who will accept subpoenas and respond to patient records requests. Board licensees and business entities are required to release treatment records to third parties, including current or former associates, employees, or dentists of the practice. The definition of "unethical conduct" for Board licensees is expanded to include failing to provide medical records or payment records to a third party, including current or former associates, employees, or dentists of the practice. SB1248 - Scope of practice; process; repeal

Sponsor

Sen. Thomas "T.J." Shope (R)

Summary

Statute establishing a process for a health professional group seeking an increased scope of practice would have been repealed. AS VETOED BY GOVERNOR. In her veto letter, the Governor expresses

concern about doing away with the sunrise process altogether, but says she is committed to identifying alternative pathways toward scope of practice expansion.

SB1250 - Employers; vaccines; religious exemption

Sponsor

Sen. Janae Shamp (R)

Summary

Employers would have been required to allow employees to claim a religious exemption from taking the COVID-19 vaccination, influenza A or B vaccination or flu vaccination, or any vaccination approved by the U.S. Food and Drug Administration for emergency use. Employers would have been prohibited from inquiring into the veracity of an employee's religious beliefs, and from discriminating against an employee regarding employment, wages, or benefits based on the employee's vaccination status. Employees would have been authorized to file a complaint with the Attorney General (AG) if the employer did not offer the employee a religious exemption form or improperly applied or denied the employee's religious exemption and the employee's employment was terminated. The AG would have been required to investigate all complaints. If the AG found a complaint valid, the AG would have been required to notify the employer and allow the employer the opportunity to correct the noncompliance within 10 days. The AG would have been required to assess a civil penalty of \$5,000 on an employer that did not correct the noncompliance. AS VETOED BY GOVERNOR. In her veto message, the Governor called this bill unnecessary, as legal protections for an employee's religious beliefs already exist in federal employment law.

SB1252 - Maltreatment oversight committee; establishment (Child fatality review committee; establishment)

Sponsor

Sen. Janae Shamp (R)

Summary

A 14-member Independent Maltreatment Fatality and Near Fatality Review Committee would have been established in the Arizona Department of Administration to conduct reviews of each child maltreatment fatality or near fatality, critically analyze the child safety system to identify improvements that could mitigate future child maltreatment fatalities or near fatalities, and publish an annual child maltreatment fatality or near fatality report that included specified information. The Committee would have been required to have ongoing access to complete and unredacted records in the custody of the Department of Child Safety. Session law would have provided for the initial terms of Committee members. Would have become effective July 1, 2024. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this committee inefficiently duplicates the work of existing oversight bodies, unnecessarily furthers mistrust of caseworkers, and may place additional burdens on traumatized or grieving families.

SB1333 - Database; health professionals; license revocations

Sponsor

Sen. Janae Shamp (R)

Summary

Each "health profession regulatory board" (defined) is required to report to the Arizona Department of Health Services (ADHS) all license and certification revocations that occurred between July 1, 2019 through July 1, 2024, and the revocation of a health professional's license or certification. By July 1, 2024, ADHS is required to create a searchable online database that is posted on the ADHS public website that contains the names of the health professionals who have had a license or certification revoked in the preceding five years, the date of the revocation, and the health profession regulatory board that revoked the license or certification. SB1382 - Pharmacy benefit managers; certificate requirements

Sponsor

Sen. Janae Shamp (R)

Summary

Pharmacy benefit managers are required to obtain a valid certificate of authority to operate as a pharmacy benefit manager in Arizona from the Department of Insurance and Financial Institutions (DIFI). Information that must be included in an application for a certificate of authority is specified. DIFI is authorized to issue a cease and desist order if a pharmacy benefit manager does not hold a valid certificate, and is authorized to suspend or revoke a certificate in specified circumstances. Establishes civil penalties for violations. DIFI is required to establish a record retention schedule for all data related to enforcement of these requirements. Effective January 1, 2025. SB1600 - Infants; born alive; requirements

Sponsor

Sen. Janae Shamp (R)

Summary

Any infant who was born alive, including one born during the course of an abortion, would have been required to be treated as a legal person under the laws of Arizona and would have had the same rights to medically appropriate and reasonable care and treatment. Birth and death certificates would have been required to be issued for the infant, as appropriate. Any health professional who was present at the time an infant was born alive would have been required to take all medically appropriate and reasonable actions to preserve the life and health of the infant who was born alive.

Any health professional, hospital, abortion clinic, or employee or volunteer of a hospital or abortion clinic that had knowledge of a failure to comply with these requirements would have been required to immediately report the failure to law enforcement. Would not have prevented an infant's parent or guardian from refusing to give consent to medical treatment or surgical care that was not medically necessary or reasonable. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this bill interferes with the relationship between a patient and doctor and that it is not the state's role to make such difficult medical decisions for patients.

SB1601 - Breast examinations; cancer screenings; age

Sponsor

Sen. Janae Shamp (R)

Summary

Health and disability insurers that provide coverage for surgical services for a mastectomy are required to cover a mammogram, and to cover digital breast tomosynthesis, magnetic resonance imaging, or ultrasound at such age and intervals as recommended by the National Comprehensive Cancer Network, instead of only a mammogram every two years for a woman who is 40 to 49 and every year for a woman who is 50 years of age and over. SB1602 - Dental anesthesia; requirements

Sponsor

Sen. Janae Shamp (R)

Summary

The Arizona Medical Board, the Arizona Board of Osteopathic Examiners, and the Arizona State Board of Nursing are authorized to register licensees who meet specified requirements to administer anesthesia in dental offices and dental clinics. Persons who are registered under these provisions are defined as “qualified anesthesia providers” and requirements for these providers are established. A State Board of Dental Examiners licensee who has obtained a permit for applying general anesthesia is authorized to perform dental procedures on a patient who receives an anesthetic administered by a

qualified anesthesia provider who is exclusively responsible for the preoperative, intraoperative and postoperative anesthetic management of the patient. A dental office or dental clinic at which general anesthesia or deep sedation is administered is required to contain properly operating equipment and supplies and to have proper emergency response protocols in place. If a death or an incident requiring emergency medical response occurs in a dental office or dental clinic during the administration of or recovery from general anesthesia or sedation by a licensed physician or certified registered nurse anesthetist, the treating dentist is required to report the incident to the State Board of Dental Examiners and the physician or nurse anesthetist is required to report the incident to the applicable regulatory board within seven business days after the occurrence. By September 1, 2023, the State Board of Dental Examiners Anesthesia and Sedation Committee is required to submit final recommendations to improve the general anesthesia and sedation permit requirements. Requirements for the final recommendations are specified. The Board is required to approve, modify, or reject the recommendations within 60 days after receipt. Emergency clause. SB1603 - Hospital; price transparency

Sponsor

Sen. Janae Shamp (R)

Summary

Each hospital is required to comply with specified federal code related to hospital price transparency requirements. The Arizona Department of Health Services (ADHS) is required to annually verify each hospital's compliance. By January 1, 2025 and each January 1 after, ADHS is required to post a report on the ADHS public website containing the name of any hospital that has been found to be noncompliant with the federal code and that has been assessed a civil penalty by the federal Centers for Medicare and Medicaid Services. AS SIGNED BY GOVERNOR

SB1711 - Ambulances; emergency medical services

Sponsor

Sen. David Gowan (R)

Summary

Ambulance services providing interfacility transportation in any certificate of necessity area are required to have at least one ambulance attendant that is an emergency medical technician (EMT) or a licensed physician or professional nurse, and one ambulance attendant that is an EMT or an emergency medical responder staffing an ambulance while transporting a patient. Effective January 1, 2024. AS SIGNED BY GOVERNOR
