**HB2043 - Physician assistants; supervision; collaboration**

## Sponsor

Rep. Selina Bliss (R)

## Summary

Licensed physician assistants (PAs) who have at least 8,000 hours of clinical practice certified by the Arizona Regulatory Board of Physician Assistants are no longer required to be supervised by a licensed physician, and instead are required to collaborate with or refer to the appropriate health care professional as determined by the policies of the practice setting at which the PA is employed. PAs are authorized to provide any legal medical service for which the physician assistant has been prepared by education, training and experience and that the physician assistant is competent to perform. PAs who have less than 8,000 hours of clinical practice certified by the Board are required to work in accordance with a supervision agreement that describes the PA's scope of practice. A PA who does not practice under a supervision agreement is legally responsible for the health care services performed by the PA. A PA is allowed to bill and receive direct payment for the professional services provided by the PA. Effective January 1, 2024. AS SIGNED BY GOVERNOR

## **HB2346 - Outpatient treatment centers; exemption**

### **Sponsor**

Rep. Amish Shah (D)

### **Summary**

Statutes regulating health care institutions do not apply to outpatient treatment centers that have the same "direct owner" or "indirect owner" (both defined) as a licensed hospital, that is staffed by licensed health care providers, and that provides notice to the Arizona Department of Health Services (ADHS) of its decision to be exempt from licensure. Each licensed hospital is required to provide to and maintain with ADHS a current list of exempt outpatient treatment centers that have the same direct owner or indirect owner as the hospital. An outpatient treatment center that was licensed on September 23, 2022 and that does not provide notice to ADHS of intent to be exempt from licensure will remain licensed if the center pays the lapsed licensing fees within 60 days after the effective date of this legislation. ## **HB2469 - Sovereign authority; border; health crisis (Fentanyl; border; public health crisis)**

### **Sponsor**

Rep. Steve Montenegro (R)

### **Summary**

The state of Arizona would have declared that the trafficking of fentanyl across our border was a public health crisis. The Arizona Department of Health Services would have been required to do everything within its authority to address this crisis. The Legislature would have declared that it was

the public policy of this state to protect this state from "drug cartels" (defined) that threaten the public safety, health, or general welfare of the people. Arizona laws would have been required to be interpreted and construed to protect the state's sovereign authority against any "unlawful invasion" (defined) at Arizona's border with Mexico. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this bill does not address any of a list of issues with opioids, nor does it acknowledge the chronic underfunding of our health department and other government services.

## **HB2530 - Substance exposure; pregnant women; neglect**

### **Sponsor**

Rep. Rachel Jones (R)

### **Summary**

On a finding of a pregnant woman using alcohol or a dangerous drug or narcotic drug, through clinical indicators in the prenatal period, a licensed or certified health care professional would have been required, with the woman's consent, to refer the woman to substance use services and support to facilitate maternal and infant safety, in addition to reporting to the Department of Child Safety (DCS) as required by statute. If DCS received a communication involving substance use by a pregnant woman, DCS would have been required to provide the caller with the contact information for the Arizona Health Care Cost Containment System (AHCCCS) and transfer the call, if possible. AHCCCS would have been required to refer the woman to a provider for substance use treatment. The receipt of a communication involving substance use by a pregnant woman would have been prohibited from resulting in a DCS investigation of abuse or neglect. In determining if a child is neglected, proof that the mother participated in substance use treatment certified by a health care professional would have been allowed to be considered a mitigating factor. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that she shares the goal of expanding access to voluntary substance use treatment services for pregnant people, but that this legislation lacks elements to make these services available, affordable, and accessible.

## **SB1157 - Hospitals; discharge planning; patient assessments**

### **Sponsor**

Sen. Thomas "T.J." Shope (R)

### **Summary**

An assisted living center or assisted living home that contacts an emergency responder on behalf of a resident is required to provide to the emergency responder a written document that includes a list of specified information about the resident, including medication and point-of-contact information. If the emergency responder transports the resident to a hospital, the emergency responder is required to provide a copy of the document to the receiving hospital. For patients being transferred by a hospital to an assisted living center or assisted living home, a discharging hospital is required to provide written discharge plans that include a list of specified information, including an assessment of the patient's medical or health conditions. The discharging hospital is required to provide an opportunity for a patient screening before discharge by the assisted living center or assisted living home from which the patient entered the hospital or to which the patient is being referred, in order to determine whether the patient's postdischarge care needs are within the facility's scope of services. An assisted living center or assisted living home from which the patient entered the hospital is required to readmit the patient after hospital discharge if the center or home can meet the care needs for the patient. Effective January 1, 2024. AS PASSED HOUSE

## SB1226 - Dental board; business entities; records

### Sponsor

Sen. Thomas "T.J." Shope (R)

### Summary

A business entity providing dental services is required to include on the registration application the name of the business entity's custodian of records. The business entity is required to notify the State Board of Dental Examiners in writing within 30 days after any change in the name of the business entity's custodian of records who will accept subpoenas and respond to patient records requests. Board licensees and business entities are required to release treatment records to third parties, including current or former associates, employees, or dentists of the practice. The definition of "unethical conduct" for Board licensees is expanded to include failing to provide medical records or payment records to a third party, including current or former associates, employees, or dentists of the practice.

## Summary

Statute establishing a process for a health professional group seeking an increased scope of practice would have been repealed. AS VETOED BY GOVERNOR. ## **SB1250 - Employers; vaccines; religious exemption**

### **Sponsor**

Sen. Janae Shamp (R)

### **Summary**

Employers would have been required to allow employees to claim a religious exemption from taking the COVID-19 vaccination, influenza A or B vaccination or flu vaccination, or any vaccination approved by the U.S. Food and Drug Administration for emergency use. Employers would have been prohibited from inquiring into the veracity of an employee's religious beliefs, and from discriminating against an employee regarding employment, wages, or benefits based on the employee's vaccination status. Employees would have been authorized to file a complaint with the Attorney General (AG) if the employer did not offer the employee a religious exemption form or improperly applied or denied the employee's religious exemption and the employee's employment was terminated. The AG would have been required to investigate all complaints. If the AG found a complaint valid, the AG would have been required to notify the employer and allow the employer the opportunity to correct the noncompliance within 10 days. The AG would have been required to assess a civil penalty of \$5,000 on an employer that did not correct the noncompliance. AS VETOED BY GOVERNOR. In her veto message, the Governor called this bill unnecessary, as legal protections for an employee's religious beliefs already exist in federal employment law.

## **SB1252 - Maltreatment oversight committee; establishment (Child fatality review committee; establishment)**

### **Sponsor**

Sen. Janae Shamp (R)

### **Summary**

A 14-member Independent Maltreatment Fatality and Near Fatality Review Committee would have been established in the Arizona Department of Administration to conduct reviews of each child maltreatment fatality or near fatality, critically analyze the child safety system to identify improvements that could mitigate future child maltreatment fatalities or near fatalities, and publish an annual child maltreatment fatality or near fatality report that included specified information. The Committee would have been required to have ongoing access to complete and unredacted records in the custody of the Department of Child Safety. Session law would have provided for the initial terms of Committee members. Would have become effective July 1, 2024. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this committee inefficiently duplicates the work of existing oversight bodies, unnecessarily furthers mistrust of caseworkers, and may place additional burdens on traumatized or grieving families.

## **SB1334 - Advanced practice nurses; compact**

### **Sponsor**

Sen. Janae Shamp (R)

### **Summary**

Adds a new article to Title 32 (Professions and Occupations) establishing an advanced practice registered nurse (APRN) compact, which allows licensed nurse to apply for an APRN multistate license. All party states to the compact are required to participate in a coordinate licensure information system to assist in the coordinated administration of APRN licensure and enforcement efforts. The party states establish a joint public agency known as the Interstate Commission of APRN Compact Administrators. Powers and duties of the Commission are specified, including a rulemaking process. Establishes procedures for oversight, dispute resolution, and enforcement. The compact becomes effective when it is enacted into law in seven party states. Provides for withdrawal from the compact, amendments to the compact, and construction of the compact. The compact does not supersede state law related to APRN scope of practice, and the Commission does not have the authority to alter the APRN scope of practice. AS PASSED SENATE

## **SB1600 - Infants; born alive; requirements**

### **Sponsor**

Sen. Janae Shamp (R)

### **Summary**

Any infant who was born alive, including one born during the course of an abortion, would have been required to be treated as a legal person under the laws of Arizona and would have had the same rights to medically appropriate and reasonable care and treatment. Birth and death certificates would have been required to be issued for the infant, as appropriate. Any health professional who was present at the time an infant was born alive would have been required to take all medically appropriate and reasonable actions to preserve the life and health of the infant who was born alive. Any health professional, hospital, abortion clinic, or employee or volunteer of a hospital or abortion clinic that had knowledge of a failure to comply with these requirements would have been required to immediately report the failure to law enforcement. Would not have prevented an infant's parent or guardian from refusing to give consent to medical treatment or surgical care that was not medically necessary or reasonable. AS VETOED BY GOVERNOR. In her veto message, the Governor stated that this bill interferes with the relationship between a patient and doctor and that it is not the state's role to make such difficult medical decisions for patients.

## **SB1602 - Dental anesthesia; requirements**

### **Sponsor**

Sen. Janae Shamp (R)

### **Summary**

The Arizona Medical Board, the Arizona Board of Osteopathic Examiners, and the Arizona State Board of Nursing are authorized to register licensees who meet specified requirements to administer anesthesia in dental offices and dental clinics. Persons who are registered under these provisions are defined as “qualified anesthesia providers” and requirements for these providers are established. A State Board of Dental Examiners licensee who has obtained a permit for applying general anesthesia is authorized to perform dental procedures on a patient who receives an anesthetic administered by a qualified anesthesia provider who is exclusively responsible for the preoperative, intraoperative and postoperative anesthetic management of the patient. A dental office or dental clinic at which general anesthesia or deep sedation is administered is required to contain properly operating equipment and supplies and to have proper emergency response protocols in place. If a death or an incident requiring emergency medical response occurs in a dental office or dental clinic during the administration of or recovery from general anesthesia or sedation by a licensed physician or certified registered nurse anesthetist, the treating dentist is required to report the incident to the State Board of

Dental Examiners and the physician or nurse anesthetist is required to report the incident to the applicable regulatory board within seven business days after the occurrence. By September 1, 2023, the State Board of Dental Examiners Anesthesia and Sedation Committee is required to submit final recommendations to improve the general anesthesia and sedation permit requirements.

Requirements for the final recommendations are specified. The Board is required to approve, modify, or reject the recommendations within 60 days after receipt. Emergency clause. AS PASSED HOUSE
